PROFILE

Software developer with experience in building full-stack web applications using JavaScript and TypeScript. Skilled in backend development, database design, and cloud services, with a focus on creating reliable and user-friendly solutions. Strong problem-solving mindset with a passion for tackling real-world challenges and continuously improving technical skills. Eager to learn, grow, and contribute effectively within a collaborative team environment.

Work Experiences

Saxion University of Applied Sciences
Deventer/Netherlands
Sep, 2023 - Jul, 2024
&
Sep, 2025 - June, 2026

Student Assistant
- Worked as a student assistant at International Office. My tasks were working at the front desk, helping new international students with applications, choosing lectures and finding them accommodation while working with my colleagues and helping each other with our tasks.

Sep, 2023 - Jul, 2024
&
Sep, 2025 - June, 2026

Student Ambassador
- Going for open days at university or showing the university and/or city center for the potential students.

Oniria Studios, a software design and development company
Zaragoza/Spain
Feb, 2025 - Jul, 2025

Intern
- The project was for the Spanish Judo Federation.
- Worked on the backend side of the project.

Other Experiences
